SITE DESCRIPTION

This site has been converted to a parcel as a result of the new RCRA permit.

Parcel 14 includes site AOC- 93, Bivouac and Tank Training Area.

This site was identified as a result of an erroneous report that live fire occurred at this site. Interviews with the National Guard indicate no live fire occurred at Parcel 14.

The RFA for Parcel 14 was conducted as part of the Release Assessment for Parcels 11 and 12. The Army will propose NFA to the Tribes and Regulators. Funding assumptions will remain until the NFA is approved by the State.

The parcel covers 479 acres.

CLEANUP/EXIT STRATEGY

CTC assumptions include the performance of a RFA. The RFA will be conducted as a supplement in the RFI phase. NFA is expected after the RFA.
